### Who should attend:

*This session is targeted at procurement, construction and development specialists who manage and deliver procurement and construction projects for contractors, developers, owners and government.*

Ever wondered what delivery model you should be using for your construction project or what the differences are, the benefits or downsides of different models?

In this webinar [Kyle Gillan](#), Principal, and [Michael Bragg](#), Associate from the [Construction and Infrastructure Team](#), will cover the principal delivery models available for use in construction projects and the golden rules for selecting the appropriate delivery model for you. Delivery models covered include construct only, design and construct, early contractor involvement, construction management / managing contractor, alliancing and public private partnerships.

### Opportunity to submit your questions - Q&A

You have the opportunity to submit questions before the webinar, which will be answered live by Kyle and Michael. Please submit any questions to [events@rk.com.au](mailto:events@rk.com.au). You will also have the opportunity to ask live questions in the Q&A portion of the webinar.

### Webinar Details

We are utilising Zoom to run this webinar. [Zoom is free to download](#) and can be viewed from your PC/mobile device.

## Presenters:

### Kyle Gillan

Principal and Facilitator

Kyle is a projects and construction lawyer with extensive experience advising clients on the full life cycle of procurement and constructions projects from inception and design through to completion. Kyle's experience includes advising on project design and project structuring, procurement strategies, drafting procurement documentation, contract negotiations and claims management.

[View Profile](#)

### Michael Bragg

Associate

Michael practices primarily in the areas of construction and infrastructure focusing on “front end” contractual work. Michael assists in the drafting construction contracts and related documents. Michael also has experience in dispute resolution and has assisted construction companies and consultants in both small and large-scale disputes including Magistrates Court matters, adjudications and commercial arbitrations, and matters in the Supreme Court.
